CORPORATE PRESENTATION

January | 2021

SAFE HARBOR DISCLOSURE

This presentation may contain certain forward-looking statements and information relating to the Company that reflect the current views and/or expectations of the Company and its management with respect to its performance, business and future events. Forward looking statements include, without limitation, any statement that may predict, forecast, indicate or imply future results, performance or achievements, and may contain words like “believe,” “anticipate,” “expect,” “envisages,” “will likely result,” or any other words or phrases of similar meaning. Such statements are subject to a number of risks, uncertainties and assumptions. We caution you that a number of important factors could cause actual results to differ materially from the plans, objectives, expectations, estimates and intentions expressed in this presentation and in oral statements made by authorized officers of the Company. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates. Risks and uncertainties include, but are not limited to: risks related to the impact of the COVID-19 global pandemic, such as the scope and duration of the outbreak, government actions and restrictive measures implemented in response, material delays, supply chain disruptions and other impacts to the business, or on the Company’s ability to execute business continuity plans as a result of the COVID-19 pandemic, economic factors, such as interest rate and currency exchange rate fluctuations; competition, including technological advances, new products attained by competitors; challenges inherent in new product development; the ability of the Company to successfully execute strategic plans; the impact of business combinations and divestitures; manufacturing difficulties or delays, internally or within the supply chain; significant adverse litigation or government action, including related to product liability claims; changes to applicable laws and regulations, including tax laws; changes in behavior and spending patterns of purchasers of products and services; financial instability of international economies and legal systems and sovereign risk. A further list and descriptions of these risks, uncertainties and other factors can be found within the Company’s related filings with the Bolsa Mexicana de Valores. Any forward-looking statement made in this release speaks only as of the date of this release. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

WHO WE ARE

Genomma Lab Internacional, S.A.B. de C.V., is one of the leading pharmaceutical (OTC) and Personal Care products companies in Mexico with an increasing international presence that develops, sells and markets a broad range of premium branded products, many of which are leaders in their categories.
