

## Agreement Signed for Share Redemption in Marzam

**Mexico City, May 3rd, 2024 – Genomma Lab Internacional, S.A.B. de C.V. (BMV: LABB)** (“Genomma Lab” or “the Company”), one of the leading pharmaceutical and personal care product companies in Mexico with an expanding international presence, provides an update on the initiative to divest “non-core” assets and increase focus on its core brands and businesses.

Gibart, S.A. de C.V., a wholly-owned subsidiary of Genomma Lab, currently holds a non-controlling equity stake in Grupo Comercial e Industrial Marzam, S.A.P.I de C.V. (“Marzam”), which represents a “non-core” asset of the Company.

Over several months, Marzam received potential third-party bids to acquire majority stakes from an international group and one of Mexico's largest logistics enterprises. However, these offers did not interest Moënych Cooperatief, U.A., the controlling shareholder of Marzam.

Mr. Luis Doporto Alejandre has signed a definitive agreement to proceed with a capital infusion into Marzam to strengthen its position in the wholesale pharmaceutical distribution sector and capture market opportunities.

As part of this agreement, Gibart has consented to the capital infusion and, provided that the applicable conditions are met, will reduce its equity stake in Marzam. This transaction aligns with Genomma’s strategy to divest certain “non-core” assets and focus on the company’s core objectives.

The closing of the transaction is subject to customary conditions. Once completed, Gibart will no longer be a shareholder of Marzam.

Gibart reserves all its rights to enforce them until full payment is received in connection with this transaction.

---

### About Genomma Lab Internacional

Genomma Lab Internacional, S.A.B. de C.V. is one of the fastest growing pharmaceutical and personal care products companies in Latin America. Genomma Lab develops, sells and markets a broad range of Premium branded products, many of which are leaders in the categories in which they compete in terms of sales and market share. The Company has a sound business model through a unique combination of a new product development process, consumer oriented marketing, a broad retail distribution network and a low-cost, highly flexible supply chain operating model.
