

Genomma Lab Internacional Announces Long-Term Debt Refinancing Transaction

Mexico City, July 22, 2026 – Genomma Lab Internacional, S.A.B. de C.V. (BMV: LABB) (“Genomma Lab” or “the Company”), one of the leading pharmaceutical and personal care product companies in Mexico with an expanding international reach, today announced it has entered into a long-term credit facility to refinance its existing financial liabilities.

As part of this refinancing, the Company secured a MXN 1.5 billion amortizing term loan with a 10-year maturity, replacing prior obligations with more favorable terms. Half of the facility has been drawn to date to retire existing debt, with the remaining balance expected to be disbursed during the rest of the third quarter to complete the refinancing

“We are grateful to BANCOMEXT for its continued trust and support in helping Genomma Lab expand the supply of affordable over-the-counter medicines and personal care products across Mexico and Latin America,” said Antonio Zamora Galland, Chief Financial Officer.

“We will continue strengthening our debt maturity profile, optimizing the average duration of our financial liabilities, and improving return on invested capital.”

This financing reinforces Genomma Lab’s manufacturing capacity expansion and its position as an exporter with strong foreign-exchange-generating capability.

About Genomma Lab Internacional

Genomma Lab Internacional, S.A.B. de C.V. is one of the fastest growing pharmaceutical and personal care products companies in Latin America. Genomma Lab develops, sells and markets a broad range of Premium branded products, many of which are leaders in the categories in which they compete in terms of sales and market share. The Company has a sound business model through a unique combination of a new product development process, consumer oriented marketing, a broad retail distribution network and a low-cost, highly flexible supply chain operating model.
